ABOUT ME

Computer Science undergraduate passionate about full-stack web development. Experienced in building responsive web and mobile applications using React, Node.js, and modern JavaScript frameworks, with skills in frontend and backend development, API integration, and database management. Seeking a Full-Stack Developer Internship to contribute to real-world projects and grow in a collaborative engineering team.

EDUCATION

BSc (Hons) Computer Science (Undergraduate) **Sep 2024 – Present**

Informatics Institute of Technology (University of Westminster, London)

Foundation Certificate in Higher Education **Sep 2023 – April 2024**

Informatics Institute of Technology (University of Westminster, London)

Diploma in Computer Network Engineering **2018 – 2020**

IDM Nations Campus

Leeds International School – Galle **2011 – 2023**

Edexcel IGCSE O-Levels – 2021
Edexcel International A-Levels – 2023

Technical SKILLS

- **Frontend Development:** React.js, HTML, CSS, JavaScript, Vite, Responsive Web Design, Basic UI/UX with Figma
- **Backend Development:** Node.js, Express.js, Rest API Development, JSON Handling, Supabase, Firebase
- **Programming Languages:** Java, Python, JavaScript
- **Databases:** MySQL, MongoDB, PostgreSQL
- **Tools:** Git & GitHub, Postman, VS Code, Figma
- **Other:** Critical Thinking, Leadership, Management Skills, Creativity, Teamwork

---

PROJECTS

IIT Connect (Group Project):

- Developed a centralized mobile application using React Native and the MERN stack to unify academic, social, and administrative communications for the IIT community.
- Led the implementation of the Events & Announcements and Anonymous Reports modules in the IIT Connect mobile app, developing React Native interfaces, integrating REST APIs, managing MongoDB data with Node.js, and collaborating in a Git-based team environment

Sales Order Management System (Java, Spring Boot, React, MySQL, Tailwind CSS):

- A full-stack app for managing sales orders with customer/product management, automatic calculations, centralized state synchronization, and a responsive Tailwind CSS UI.

Real Estate Web Application (React, Vite, JSON, HTML, CSS, JS):

- A high-performance React & Vite real estate app featuring global state management, drag-and-drop functionality, and dynamic property filtering.

Personal Portfolio (HTML, CSS, JS):

- Web application to showcase my skills, projects and achievements with interactive design.

Website – Life on Land (Group Project):

- Developed a key platform using HTML/CSS/JS to centralize community environmental action. Ensured high design fidelity and on-time delivery through proactive team collaboration.

Clothing Platform (HTML, CSS):

- A responsive clothing website featuring stylish product showcases and intuitive navigation.

Traffic Flow Analysis System (Python):

- Program analyzing CSV traffic data, generating insights, and visualizations using histograms.

VOLUNTEERING

Galle Literary Festival – Production Team Lead
Cutting Edge24 – Volunteer

ACHIEVEMENTS

Leadership & Extracurricular Activities

- Senior Prefect | Junior Prefect
- Head of Media Unit | House Vice In-charge
- **Sports:** Cricket, Football, Athletics, Swimming, Chess

Certifications

- Diploma in Computer Network Engineering - IDM
- Professional Certificate in Java Programming (OOP) – IIT PDU
- Professional Certificate in Artificial Intelligence – IIT PDU
- Git and GitHub Bootcamp – Digital Certificate
- Data Science with Python – Digital Certificate
- Microsoft Azure Fundamentals: Describe Azure architecture & services – Digital Certificate
- Java Object-Oriented Programming – Digital Certificate
